## Grounds for Direction

This Direction is given on the basis that:

10. In recent weeks, Blackburn with Darwen has continued to have rates of Covid-19 infection in the top half-dozen local authority areas in the country. This poses a serious public health threat which has required the continuation of measures, such as the shielding of people who are clinically extremely vulnerable, after such measures have been relaxed and then withdrawn, in most of the rest of the country. The BAME community is known to be particularly at risk.

Social distancing between separate households when out in public is key to controlling the spread of the virus. The direction is necessary due to the risk of Covid-19 transmission between persons who are close to each other (particularly where grooming services are being carried out).

The premises sits within one of the wards which is facing further control measures and therefore is continuing to be a concern in terms of covid-19 spread. Government guidance states that close facial work such as threading should not be carried out to minimise the proximity of people in barbers etc, and that a face mask and face shield must be worn by the barber to minimise the risk of transmission.

Evidence shows that these practices are not being followed at this premises.

**See Annex A for additional details.**

### **Consequences of not meeting the requirements of the Direction**

11. If this Direction is not complied with the Authority may issue a Prohibition Notice<sup>5</sup> against you or may commence criminal proceedings against you.

12. A person commits an offence if, without reasonable excuse, the person:<sup>6</sup>

- contravenes a direction under regulation 4(1); or
- obstructs a person carrying out a function under the No. 3 Regulations, including any local authority designated officer under regulation 12 or a constable.

Such an offence is punishable on summary conviction by an **unlimited fine**.
