

- LEP Growth Deal investment in the Darwen East Development Corridor project which will deliver nearly 1,200 new homes in South East Darwen and create 1,500 new jobs by 2025;

- LEP Growth Deal major road and rail investments in Blackburn with Darwen order to drive the area's economy by facilitating new business and housing growth and job creation; and,

- the Council's joint approaches to improvements for shared infrastructure with Greater Manchester's Spatial Framework as identified in relation to the A666.

The maintenance of the strategic road network across Lancashire is crucially important to both existing and future economic growth and there is good cross border working between Lancashire County Council, Bolton Metropolitan Council and Blackburn with Darwen Council.

I would be most grateful if you could give full consideration to this application.

yours sincerely
